UNITED STATES GOVERNMENT HAS CAUSED ALL FENCES TO BE TORN DOWN. OVER 800 SETTLERS IN EIGHTEEN MONTHS.

As the result of a strong Government movement, computed to result in the ultimate reorganization and development of the great plains of America, the United States Government has caused all fences to be torn down, and over 800 settlers have been successful in establishing permanent homes in this new world of opportunity. The result has been an increase in the number of settlers, and an outflow of population, which will continue until the country shall be fully developed.
