INDE navigantes, & circiter sex milia emensi, alium annum invenerunt, cui Ligeris nomen impositum: deinde alios quinque subsequenter, quorum primus CHARENTA, alter GARUMNA, tertius GIRONDA, quartus BELLVS, quintus GRANDIS, appellati. Quibus diligenter observatis, & conspectis minore quam sexaginta miliarium spatio, plurimis singularibus rebus secundum novem flumina: ijs tamen non contenti, magis adhuc ad Septentrionem progressi sunt, iter sequentes quod ad FORDANEM flumen, totius fere Septentrionis elegantissimum, eos perducere posset.
