My Dear John Massfield

I notice yr/ Cancer appeal in the Post.
Our generation was drug up ham ignorant of economics. A more deadly
evil, a more deadly physical evil (and research is now proving
it, proving that poverty not on make for C^W. population but kills)
is rampant in England. And verse is a sword, unused for the
most part.

I have chucked a good many literary scruples, and
I hold you ~~AMHWHH~~ responsible a least to think for 24 hours
on your responsibility in the face of crass ignorance, and
of crass intend FALSIFICATIONS.

Work is not a commodity.
M Money is not a commodity.
The state has credit.
The increment of association is not usury, but the usurer
hides behind it/ for 500 years the mental laziness, the sloth
of the intelligentsia has allowed swine like Sieff and Harvazy to
enslave england.

(American mentally a colony, that can be
taught only from Europe).

Been shouting liberty. There is none for a populatio
enslaved by private irresponsible junta that MAKES (issues,
creates) nine tenths of the nations money, and renders NO
account what bloody ever to the people of England.

My country is cursed with a she ape named Perkins, who swallow
the excrement of British lies.

Given an honest monetary system, your Cancer
hospital will need no charity. Nor will any other hospital
nor will the areas be "depressed".

The men who dare not think, and the newspapers which simply
can not print, because their god damn owners wont let 'em,
have run on long enough.

No man has the right to evade thinking
any longer. Next of all those of who have the word in our
keeping.

yours

The labour party is more false than the Tories/ McDonald a
traitor to his class, but now presumably too feeble in mind to
be held responsible. Eng/ Labour; still stuck back with Upton Sinclair.
HELL HELL HELL and Douglas / INEXCUSABLE For the English Left
to stay snotten and shitten IGNORANT of 20 years honest thought.
