Rapallo I6 Sett

[1941]

Deer Vyoler/ aint that just llovely, and with Con gone to Hollywood and something new to break up, the new car will besafe for several weeks yet. Is it made of steel or soy bean fibre ? Personally I dont approve of Hen Ford wastin soya on automobiles. I wish you wd/ git me a receipt for making them beans into sauce like the chinks use. Also fer makin peanut butter/ I aint had any fer months/ I spose if I sqush up some peanuts it wd/ pretty nigh make 'em into butter/ but do you add salt ? or just hot water and serve (I mean can) ? *do you roast 'em first or last ?*

Well I got some ugly N.Y. papers, but your American papers NEVER print any news/ have to mug thru 40 pages to get six or eight lines/ and then nothing about authors and writers/ at most the love story of Doug. Fairbunks or the last Mary Pickford or Theda Para. Well I wish you or someone wd/ tell me wot you think of it all. do I take it you got that car for 404 dollars ? or do you still owe fer the tires and cushions ? / oh I see it is a '37 model/ wot do the new ones cost/ and does it look like the last elephant ?

I spose Mr Pesca wants to keep on fishin up fees/ the teaching attitude has its technique/ waaaal; I shpose she will have some voice left at the end of the process, and lets hope her taste is indestructible. The Vivaldi Juditha is very good music/ yes, yes, we still have some kulchur and refinement/ Mr Monteverde on the other hand, specializes in comic effects in Te. Deums and Ora pro proboscises . Come pray toodledo ooo for toodeledo us. / waaaal; I got back here and the water wuz still warm, so I had a sea bawth. on Sunday, and will now go plop for another.

Do the weekly papers in NY. print any news ? / or are there any notes on the surviving american writers ?

an gimme luv to the fambly yrz
