Able to promise

I take the few minutes
Moments alloted to me
To drop you a few lines. We started from Ashland ton
on the 31st of March and arrived at Omaha Jet on the 19th of April
and landed over there for

order! And then started for
Fort L. C. Russell Wyoming
and remained there a few
days and started on a
March through the country
for Chung Creek about
50 miles from the Fort.
We have a very pretty little camp with one or two fresh runs that is shade and
number to fit it up in the proper manner. It is situated in a valley and
near the Creek. the camp is entirely surrounded by
water. I wish you to go to the Paymaster General for
me and request him to see if he can do anything in
regards to that Bounty claim
of mine, in the hands of
Jno H. Hodgson, Winchester,
Virginia. And if he cannot
I wish you to take it
in hands and collect it
if possible and you shall be
rewarded for your trouble. I
will close for the present.
