Dear Sallie,

I am making no hi. Life in Italy, the seas and the weather is very hot.

I am sure I think the weather here is a great advantage to Dan. I think Dan has received a great blessing in his employ. The most recent news in the history of the Great America is that the South is to be united by the secession movement.
Yours as an aunt in Massachusetts.

The Boston proceeds are now a blessing in disguise. Do not as cold morn books in west. St John's and rest, a dress occasion this can. Turn for year at must 10pm. Be sure to listen for the music. Respect for the memory of our dear friend.

Good night.
